

**Company:** Renatus Capital Partners

**Role:** Private Equity Analyst

**Start Date:** Summer 2019

**Open to Final Year Students & Graduates**

**Job Summary:**

Renatus Capital Partners is an Irish Private Equity fund focused on investing in businesses valued at €5m or above. Renatus is seeking highly motivated and entrepreneurial individuals to assist in the sourcing, screening and execution of mergers, acquisitions, divestitures and other strategic transactions globally.

The role will provide a high level of responsibility and exposure to a wide variety of work from the beginning. There is full exam support provided for the ACCA qualification.

**Responsibilities:**

- Preparation and analyses of company financials
- Company valuations using techniques such as DCF, comparable companies analysis and comparable transactions analysis
- Preparation of market and competitive analyses
- Preparation of company presentations, pitch books and investment proposals
- Assist in proactively researching potential investment opportunities and generating a transaction pipeline
- Assist in the management of the due diligence process of M&A projects
- Strong excel skills are required

Note that the candidate does not need to comprehensively meet of all the above skills. The ideal candidate will be a quick study, work well with the team, have excellent attention to detail, good general business knowledge and be hardworking, diligent, and good fun.
