A Guide for the Lead Worker Representative Course (90mins)

This course helps inform the Lead Worker Representative of their role and responsibilities under the Return to Work Safety Protocol. Designed in line with government recommendations, direct download of key recommendations, checklists and resources are also built into the course content to assist these key workers in their new role.

Protecting the Business from COVID-19 Webinar (90mins)

This webinar enables store managers and leaders to better understand their role in protecting their business, customers, staff and others from COVID-19 within their workplace. Recommendations are outlined for key requirements such as conducting risk assessments, contingency planning and effective staff communication.

COVID-19 Defence Webinar (90mins)

Aimed at persons responsible for cleaning within the workplace, this webinar guides learners through main themes such as cleaning standards and techniques, the safe and effective use of chemicals and cleaning plans specific to COVID-19 prevention.
