

# Why Vodafone Broadband for your business?

## Gigabit Broadband

Our fastest, most reliable connection

### The package

Vodafone Gigabit Broadband gives you unlimited fibre downloads with up to 1000mbps download speed. You'll also get a free Gigabox modem, and depending on your location, we will also install it for you free of charge.

### Loyalty reward

Transform your business with our exclusive bundle - get Vodafone Gigabit broadband with any RED Business Unlimited mobile plan, and receive a competitive discount on your broadband order.

### Footprint

We have already rolled out fibre connections for over 50.000 businesses in Ireland, and there's no stopping there – we're constantly establishing new Gigabit Broadband connections in every county.

## Customer care

Always there for you

### Our Net Promoter Score

When asked if they would recommend their broadband service to a friend or colleague, Vodafone are #1 for fixed landline and broadband, 9% points higher than our next competitor

## Always innovating

Bringing you the latest services as standard

### 4G Broadband Backup

Our 4G Broadband backup makes sure you're always connected by plugging a 4G mobile dongle into your broadband modem. If your broadband connection goes, your business stays online thanks to 4G.

### Walk Out Working

We'll come to your business premises, install your new broadband and router and not move on to our next job until we can connect a device of your choice to WiFi with our Walk Out Working installation guarantee.

### Dedicated Internet Access

Does your business need even more from your broadband line? Get your own dedicated access to the local internet cabinet, for zero downtime and a truly uncontested connection.

### Gigabox Modem

Our Gigabox Modem gives you the best speed and coverage, guest Wi-Fi for customers and control via the Gigabox app.
